

Summer Resources

While there are no mandated summer assignments, students are encouraged to exercise their minds this summer! Here are some suggested tasks:

Subject	Suggested Task	How to Access
ELA	Check out the NYC DOE Summer reading list and select 2 books to read for fun! Choose books that interest you and that you can read independently. You are also encouraged to keep a daily journal.	NYC Reads 365
Math	If you already have a Moby Max account, log in and practice. If you need a username and password, email bell@thebellacademy.com (it may take up to a week to receive the login information).	Moby Max
Social Studies	Stay informed about current events by logging into Newsela using your BELL Academy Gmail account and reading an article daily. Challenge yourself by taking the accompanying quiz to check your comprehension. Don't forget you can adjust the Lexile level of each article as needed.	News Ela
Science	This website has a multitude of science experiments and demonstrations that you can try at home using everyday materials. These would be perfect for rainy day fun, and younger siblings would also enjoy helping out. <i>*Please remember adult supervision is ALWAYS required for hands on science.</i>	https://sciencebob.com/category/experiments/
