Resources for Unit 1 will be posted on the homepage of my website by June 26th.

Unit 1 will cover energy and simple machines. We will also learn about how to design an experiment.

One thing you can do over the summer to prepare for science is practice making observations when you are outside. You can also practice following directions while making a recipe.

Art

The Tree of Life has been a recurring theme in the history of art. Let's explore how your culture has represented this subject. Below are some countries that have shown this topic in a variety of mediums. Create three drawings that include your personal character traits. You can also include objects or symbols which are unique to you and your family.
