The carnival was a schoolwide event where the 8th graders gather together and have fun outside for an afternoon

**Time Period:**

The carnival happened on May

**Location:**

The carnival happened in our school backyard

### 2 Cause and Outcome

**Cause:**

The Carnival happens every year in Bell. The teachers at Bell wanted to give the students a break for a little bit

**Reason:**

The reason the carnival occurs each year is because the students have been working hard all year and deserves a break

**Result:**

Almost everyone was satisfied. But the weather was so hot some of the students didn't get to enjoy it as much.

### 3 Importance

**Significance:**

Carnival is important because it serves as a break time and it did achieve its intended purpose because everyone was relaxing

**To Whom:**

The students because they didn't get to enjoy it as much as they liked. The weather was extremely hot and uncomfortable.

### 4 Interesting Facts

**Additional Information:**

The carnival wasn't as enjoyable as the past 2 years. The carnival was fun and served its purpose but all the 8th graders are too old for the carnival. Even though the carnival this year had more rides it still doesn't appeal to the 8th grade as much

### 5 Personal Connection

**Personal Connection:**

I think the carnival is a good way to have a fun time in the afternoon. To just relax and not have to worry about evening classes.

One interesting fact is that how good students bond outside of the school. Everyone was talking and laughing while having a good time. That is not too common inside the school because everyone needs to get work done and not enough time to commute.

### 5 Personal Connection

**Personal Connection:**

The outback steakhouse reminds me of good times with me and my friends. We would go to the restaurants and have fun, laugh and relax. Just like what we did on the school trip.
